TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

[L. S.]

To the Inhabitants of the Town of Pembroke in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Pembroke on Tuesday, the 10th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the town will vote to raise and appropriate the sum of seventy-five dollars for the observance of Memorial Day.
4. To see if the town will vote to raise and appropriate the sum of two hundred dollars for the purpose of securing the services of the Suncook Union Cornet Band for a series of free band concerts.
5. To see what sum of money the town will vote to raise and appropriate to oil streets in Suncook village.
6. To see what sum of money the town will vote to raise and appropriate for books and running expenses of Pembroke Library.
7. To see if the town will raise and appropriate the sum of twenty-five dollars to help in the care and upkeep of Pembroke Park for the ensuing year.

8. To see if the town will vote to raise and appropriate the sum of thirty-six hundred dollars for trunk line maintenance of highways as required by the State Highway Department.

9. To see if the town will raise and appropriate the sum of one hundred dollars for the care of cemeteries.

10. To see if the town will raise and appropriate the sum of eight hundred dollars to pay the interest on its fire station debt.

11. To see if the town will raise and appropriate the sum of two thousand dollars to pay two \$1000 notes of the fire station loan, which are due the coming year.

12. To see if the town will vote to raise and appropriate the necessary sum of money to secure state aid for the permanent improvement of main highways in town.

13. To see if the town will vote to rebuild the Buck Street bridge, so called, and raised and appropriate money therefor.

14. To see if the town will vote to confirm the action of its Trustees of Trust Funds in accepting the following named funds, in trust, the income to be used for the perpetual care of designated burial lots:

- (1) Gift of one hundred dollars from Mrs. True W. Fowler for the True W. Fowler lot in Buck street Cemetery.
- (2) Bequest of Mary Elizabeth Austin of five hundred dollars for Jacob Woods lot in Pembroke street Cemetery.

15. To hear the reports of auditors, agents, committees, or officers heretofore chosen and pass any vote relating thereto.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and thirty-one.

STEPHEN E. BATES,
JOHN O. BELLEROSE,
JOSEPH H. ROBINSON,
Selectmen of Pembroke.

AUDITORS' REPORT

This is to certify that we have examined the records of John O. Bellerose, Superintendent of the Pembroke Water Works, and find the same correctly cast and properly vouched.

JOSEPH A. RAINVILLE,
KENNETH M. WOODBURY,
Auditors.

Pembroke, N. H., February 17, 1931.

REPORT OF SCHOOL BOARD

At the close of the 1929-1930 school year, Pembroke had a grammar school building containing eight grades and five, one room rural school houses where school was in session.

As there were less than seven children of school age in three of the districts it was thought best to convey the pupils of these districts to the Suncook Grammar school where the children could be placed with others of the same grade. The difficulty to find teachers who had been trained to teach eight grades and more trying to find those who were willing to teach three or even five pupils in a school made it necessary for the transportation of these children this year. The State Board of Education in one of their reports said: "Experience shows that with fewer than ten pupils a satisfactory school can seldom be maintained and for the best work a school should enroll fifteen."

Many of the towns in New Hampshire own their own "bus" as it is considered more economical but as Pembroke had none, drivers were found who owned their own cars. The "bus" was approved by the State department and so far the work of the drivers has been satisfactory. The children have been furnished warm cocoa and soups at noon with very little expense.

Manual training has been given the boys this year as in the past. While we do not expect the boys to become expert workmen, we do hope that those, who do not desire to enter the profession, may find from this beginning some vocational work by which they may gain a livelihood.

In Concord more than 70% of the high school boys are enrolled in industrial courses. Vocational courses have been established in all of our cities with the exception of one and also in many of the towns. It is hoped that voca-

tional training for the eighth grade girls may be established soon.

The Grammar school building has been painted inside and new ceilings have been placed in the lower rooms and all necessary repairs have been made.

The work which was done at the Pembroke Street school has proved to be very satisfactory and the rural buildings have been repaired as needed. We wish to extend our thanks to all who have helped to improve our schools and also to the superintendent for his efforts to make our schools compare favorably with any in the state.

ELLEN E. HOBBS,
HENRY P. COFRAN,
FRED W. SALTMARSH,
Members of the School Board

WILLIAM N. JOHNSTON,
District Treasurer.

AUDITORS' REPORT

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Pembroke, of which the above is a true summary for the fiscal year ending June 30, 1930, and find them correct in all respects.

WALTER S. CASS,
GEORGE H. COLBY,
Auditors.

Pembroke, N. H., July 18, 1930.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

I herewith submit my eighteenth annual report of the schools of Pembroke, for the year ending June 30, 1930.

There were maintained during the year nine schools, for a school year of 37 weeks, with no change in the teaching force.

The school enrollment was 234, with a daily average attendance of 96.18 per cent, a gain of 1.19 per cent over last year.

The schools were in session on an average of 360 half-days, a gain of 7.2 half-days.

HEALTH AND SANITATION

Disraeli, a wise statesman, studying the influences affecting national prosperity said: "Public health is the foundation on which reposes the happiness of the people and the prosperity of a country. The care of the public health is the first duty of a statesman." He might have added that the care of public health is not only the duty of a statesman but also of every citizen.

Hygiene, sanitation and physiology are taught in all our schools with emphasis placed upon pure foods, pure water, need of ventilation, and proper care of the body. Health inspection conducted by the school nurse is a great aid to the teacher in imparting the laws of health.

Health inspection of the school children by our school nurse covers diseases and defects of most every kind, such as, common contagious colds, acute cases of contagious skin or eye disease, defective eyesight, hearing and teeth, adenoids, enlarged tonsils, malnutrition, tuberculosis, weakness

of the heart, curvature of the spine, nervousness, and in fact nearly all contagious diseases.

The school nurse, Miss Douillette, has, with the cooperation of parents, succeeded in having many of these defects remedied by a physician or surgeon who has generously contributed his services for little or no compensation. The school nurse is working faithfully and successfully for good health in school and home.

CONSOLIDATED SCHOOLS

In sparsely settled places in our state the one-teacher school may be needed for some years to come. From the report of the State Board of Education we find there are 44 less one-teacher schools in 1930 than there were in 1929. Other schools might have been consolidated to the advantage of the children.

Following are some of the advantages of a consolidated school: the building is large, well lighted and heated, with grounds well cared for; the number of pupils is large enough so that the teacher may have one or two grades instead of five to eight as is usually the case in a one-teacher school, thereby giving more time for each class and therefore better results; it makes games and plays more interesting and arouses a spirit of emulation in the class room work; attendance increases, tardiness and absence decrease.

A large school may have an enlarged curriculum and better equipment, making the teaching of practical subjects like manual training and home economics profitable. Better teachers can be employed in the large schools because wages are higher, the classes fewer, and the opportunity for advancement and social enjoyments greater.

The transportation of pupils should receive the utmost care; the vehicle should be comfortable, safe, and driven by a reliable driver; the pupils should be taken from and returned to a place in the public highway nearest to their home.

The public school is one of the most important institutions in American life and is worthy of the most careful consideration. The most important problem is the planning of a school system which will best prepare the young men and women for their life's work. Changes in methods or institutions should not be made just to have something new and different, but only after a most thorough consideration. Neither should a method or practice be retained after it has outlived its usefulness. It behooves the citizens to study the problems of the progressive and non-progressive school and decide which they will choose.

ATTENDANCE AND CHILD-LABOR LAW

The School Attendance law of the state, demanding that every child shall have, at least, eight full years of schooling, has been well enforced. The cases of non-attendance were confined to a few families, who gave as a reason, want of means to furnish the child with proper clothing and food. The Child-Labor laws have been strictly obeyed by all the local industries and no violation of this law has been reported.

The teachers were efficient and did good work, as is shown by the standard tests which were given throughout the year. The good work accomplished in our schools shows the wisdom of the school board in retaining experienced and successful teachers.

Parents and citizens are invited to visit the schools frequently. Parents, by frequent visits to the school, would form a personal acquaintance with the teacher and learn at first hand the real situation of the class room and thereby be able to talk over frankly with the teacher, the interest of the child. These visits would clear up misunderstandings, if any exist, and would make school work more profitable for the child and give to the teacher a greater interest in him.

The work of the school board is worthy of special com-

mendation. They made the needful repairs upon all the school buildings. The Pembroke Street school was thoroughly remodeled and converted into a modern and pleasant school home.

In conclusion, I express my appreciation for the co-operation and assistance given to me by the teachers, the school board and the citizens.

Respectfully submitted,

HENRY S. ROBERTS.

REPORT OF THE SUPERVISOR OF MUSIC

January 26, 1931.

It is always a pleasure to report progress. Never has the interest in the study of music been more evident or the amount of work accomplished greater than during the past year.

New music books have stimulated the pupils to more intensive study. The gift of a piano to one of the rooms has given not only pleasure but an incentive to more earnest effort.

Graduation and special exercises have been interesting and well attended. We thank the superintendent and teachers for hearty cooperation in the work.

Respectfully submitted,

KATE L. SMITH,
Teacher of Music.

REPORT OF MANUAL TRAINING INSTRUCTOR

Mr. Henry S. Roberts, Superintendent of Schools:

Dear Sir:

This is my first annual report submitted of the work done in manual training course of the Pembroke Grammar school.

The boys as a whole showed interest in their work and progressed in a very capable manner. Principles of construction and accuracy were stressed. Much time was spent in practicing the correct use of saws, hammers, planes and other common tools.

The schedule worked out for the sixth grade was so chosen because of the many different tools needed in the construction of the projects. Sketches showing construction and dimensions were made of all work done. During the latter part of the year, the pupils were allowed to make whatever projects they chose under the supervision of the instructor. The projects made are as follows: bread boards, broom-holders, tool boxes, foot stools, sleeve boards, window boards, screens, trellis, aeroplanes and table lamps.

The boys showed their interest in the work by buying their finished projects.

The seventh and 8th grade classes might be called a project and repair class. The boys did much repairing of furniture for the townspeople.

The following articles were made: medicine cabinets, window boards, flower boxes, foot stools, sleds, tables, table lamps, base and back stop for boys' diamond, mineral cabinet, screw-drivers, and dresser, smoking stand and book stand.

I feel that the practical knowledge gained in manual training can be used to great advantage by the boys in their

future life. The cooperation given us by the parents and citizens of Pembroke has done much to further the interest shown by the pupils in this subject.

Thanking the members of the school board, parents, and superintendent, I respectfully submit this report.

HENRY M. LOVEJOY,
Instructor of Manual Training

HEALTH INSPECTION

Mr. Henry S. Roberts, Superintendent of Schools:

Dear Sir:

I herewith submit my third annual report of the schools of Pembroke for the year ending June 30, 1930. Each pupil is given a physical examination at the beginning of the fall term and a record is kept stating the condition of the pupil examined. Follow up work is carried on throughout the year. Notices are sent to parents if defects are found. Home visits are made and help given to parents in having the defects corrected. Weight charts are placed in each school room and underweights are given special attention advising food and diet.

Pupils are watched closely to protect them against communicable diseases. At the time of the diphtheria outbreak a toxin-antitoxin clinic was held and over three hundred children including those of pre-school age received the treatment.

Through the cooperation of Dr. Togus, the Elliot and Notre Dame Hospitals, a number of tonsils and adenoids cases have been corrected. Service has also been rendered by Dr. Jones in orthopedic clinics. Children have been taken to eye clinics and fitted to glasses. This was made possible through the assistance of Mr. Jay H. Corliss, Secretary of the State Board of Public Welfare.

The statistical report for the year follows:

| | |
|------------------------------------|-----|
| Number of pupils examined | 210 |
| Number of pupils underweight | 15 |
| Number receiving treatment | 8 |
| Number with defective vision | 23 |
| Number receiving treatment | 9 |
| Number of cases corrected | 7 |

| | |
|--|-----|
| Number with defective teeth | 118 |
| Number of cases corrected | 46 |
| Number of tonsils and adenoids | 29 |
| Number of cases corrected | 13 |
| Number of pupils unvaccinated | 5 |
| Number of pupils excused by Board of Health | 5 |

Cases of Communicable Diseases:

| | |
|---------------------|----|
| Diphtheria | 3 |
| Skin diseases | 9 |
| Pediculosis | 13 |

Clinics Held:

Toxin-Antitoxin clinic held at the schools:

| | |
|---|-----|
| Number of pupils received treatment | 103 |
|---|-----|

Throat clinic at Notre Dame hospital:

Throat clinic at Elliot hospital:

| | |
|--------------------------------|---|
| Number of pupils treated | 6 |
|--------------------------------|---|

Eye clinic at Dr. Provost's office, Manchester:

| | |
|-----------------------|---|
| Number examined | 3 |
|-----------------------|---|

| | |
|-------------------------------------|-----|
| Total number of school visits | 340 |
|-------------------------------------|-----|

ADONIA A. DOUILLETTE,
Registered Nurse.

ROLL OF PERFECT ATTENDANCE

HILL SCHOOL—Edith Warren.

PEMBROKE STREET SCHOOL—Frances Hillman, Bernard Noyes.

SUNCOOK SCHOOL—George Welch, Clarence Chase, Richard Strickford, Robert Woodbury, Rudolph Duclos, Sena Grant, Joseph Banaterich, Gladys Courtemanche, Lucien Duhaime, Julia Gilman, Goldie Henry, Vivian Martel, Lester Saturley, Mary Welch, Edmond Benoit, Emery Strickford, Donald Woodbury, Dorothy Perreault.

SCHOOL CALENDAR, 1931-1932

First term begins September 8 and ends December 18—14 weeks.

Thanksgiving recess, November 21 to November 29.

Second term begins January 4, 1932 and ends February 19—7 weeks.

Third term begins February 29 and ends April 22—8 weeks

Fourth term begins May 2 and ends June 24—8 weeks.

HOLIDAYS IN NEW HAMPSHIRE

Independence Day, Labor Day, Columbus Day, Armistice Day, Thanksgiving Day, Christmas Day, New Year's Day, Washington's Birthday, Fast Day, Memorial Day, Institute Days.
